

## Chromalox Spec Sections

| 5 Digit Spec Section | 6 Digit Spec Section | Application   | Engineer                             | Contractor   |
|----------------------|----------------------|---|--------------------------------------|--|
| 15                   | 21 05 33             | Fire Sprinkler Pipe Freeze Protection <ul style="list-style-type: none"> <li>• Mains</li> <li>• Standpipes</li> <li>• Branch Lines</li> <li>• Condensate Legs</li> </ul>  | Fire Protection or Plumbing Engineer | Fire Sprinkler<br><br>Usually is responsible for detail design of fire sprinkler system. PE is responsible for water supply into building. |
| 15                   | 22 05 33             | Pipe Freeze Protection <ul style="list-style-type: none"> <li>• Potable Water</li> <li>• Sanitary Piping</li> <li>• Grease Waste</li> <li>• Hot Water Piping</li> <li>• Diesel Fuel Piping</li> <li>• DEF Piping</li> </ul> | Plumbing Engineer                    | Plumber  |
| 15                   | 23 05 33             | Pipe Freeze Protection <ul style="list-style-type: none"> <li>• Non-potable water</li> <li>• Steam Lines</li> <li>• Condensate Lines</li> <li>• Cooling Lines</li> <li>• Heating Lines</li> </ul>                           | Mechanical Engineer                  | Mechanical Contractor  |
| 15                   | 23 82 39             | Unit Heaters  | Mechanical Engineer                  | Mechanical Contractor  |
| 15                   | 32 17 43             | Snow Melting Systems  | Mechanical Engineer                  | Concrete Contractor Electrical Contractor  |
|                      | 23 83 13             | Radiant Heating Electric Cables   | Electrical Engineer                  |  |
| 15                   | 23 83 13             | Radiant Heating Electric Cables   | Mechanical Engineer                  | Mechanical Contractor  |
