

IBG Flexible Thermal Drum Insulation Blanket

- **Flexible and Easy to Mount**
- **Chemical and Moisture Resistant**
- **Operating Temperatures up to 450°F**
- **Designed for Integrated Use with Flexible Drum Heaters**

Description

Insulating blankets are energy saving blankets that increase heating efficiency and reduce operating costs. Bulk Fiberglas® insulation is covered with silicone glass cloth. Easy installation is provided with Velcro® fastening device. All blankets are moisture resistant, but not waterproof.

Type IBG are stock insulation blankets designed to use in conjunction with Chromalox stock drum heaters. They are designed to only cover the drum heater; providing thermal protection from the back, heated-surface of the drum heater. Full coverage thermal insulation blankets are available as made-to-order items per customer specifications. All stock products are shipped within 24 hours.

Applications

- Thermal Protection from Heated Surfaces
- Thermal Insulation to Minimize Heat Loss
- Maximize Effectiveness of Heater

Ordering Information

Please refer to the matrix provided on the Flexible Heater Ordering Guidelines page which follows.

Specifications and Ordering Information

Model	Stock	PCN	Wt. (Lbs.)	Stock
