- 22 Amps, 24V AC/DC, 120V-240 VAC; 18 Amps, 277 VAC
- 45 - 75°F Temperature Range
- Ivory Color
- Mounts in Standard Electrical Box

Description

The WT-121 and WT-122 Room Thermostats are designed to control individual heaters or may be used with an external contactor. The WT-121 provides heat control with a SPST snap action switch (open on rise) for breaking one line of the power source. The WT-122 also is a heat control but uses a DPST snap action switch and will break both lines of the power source.

Both models include heat anticipators—assuring closer and more even temperature regulation.

WARNING: Hazard of Fire. The WT thermostats are designed for temperature control service only. Because they are not fail-safe, they should not be used for temperature limiting duty.
